

COVID – 19 Declaration Form

Private Jet Services Group (PJS) is following guidance from government and international health agencies and closely monitoring the current outbreak of pneumonia caused by the Novel Coronavirus (COVID-19). This declaration form satisfies the latest TSA Security Directive requirements.

In an effort to provide charter customers, aircraft owners and crew members with a safe environment, we have implemented protocols on our aircraft to support the global efforts to contain the COVID-19 outbreak.

As part of this protocol we require passengers on our aircraft to fill in the following statement as a Pre-requisite to boarding a PJS Aircraft.

Passengers filling out this form, can take solace in PJS’s procedures that ensures passengers prior to their embarkation on a PJS aircraft have gone through the same screening process along with our Post and Pre-Flight Sanitizing procedures.

The undersigned (Passenger name):

Hereby declares that he/she has not travelled to/through/from China, Iran or a local outbreak area in Italy or South Korea (see list below) in the 14 days preceding their departure.

Date: _____
